

Specification Sheet: Little Red Pressure Washer

General

Made in the USA

Model Little Red II

Cleaning Width 24"

Manufacturer CDIS Company

Engine

Brand Honda GX390

Horsepower 13 HP

Type Air-cooled, 4-Stroke, OHV, single cylinder

Bore x Stroke 88 x 64 mm (3.5 x 2.5 in)

Displacement 389 cm³ (23.7 cu in)

Compression

Ratio 8.0:1

Net Horse Power

Output 8.2kW (11.0HP) at 3,600 rpm

Starting System Recoil or Electric Starter

Carburetor Horizontal type butterfly valve

Air Cleaner Dual Element Type (opt Cyclone type)

Oil Capacity 1.1 l (1.16 US qt, 0.97 Imp qt)

Dimensions (L x W x H):

Dry Weight 31.0 kg (68.3 lbs)

Pump

Brand Comet with built-in Unloader

GPM 4

PSI 4000

RPM 3400

Shaft 1" Hollow

Piston 15mm

Wt 17.4

Chemical

Injection Siphon Tube 1/2" FPT Inlet, 3/8" MPT Discharge

Gas Engine Mounting Flange

Frame

Type Aircraft grade Aluminum

Paint Powder Coated Fire "Cincinnati Reds" Red

Wheels Solid Rubber Wheels (Designed specifically for high capacity applications)

Hose

Size 3/8" x 30' (special order any lengths)

Connectors High Pressure Quick Connects

Spray Wand

Type 36" Spray Gun & Wand

Connectors Quick Disconnects

Nozzles QC Nozzle Set - 4 tips with Clip.

GPM 4
